### Additional Information regarding the approved Partial IGETC course list:

Partial IGETC requirements must be satisfied by completing a course(s) from this approved list AFTER transferring to UCSD. The course must be at least 4 units and be completed with P or C- or better.

Students missing 2 areas for Partial IGETC must complete 2 courses. A course that appears in two different areas cannot be used to satisfy 2 outstanding requirements.

Students are responsible for monitoring their progress towards satisfying their Partial IGETC requirements.

#### **Areas 3B and 3C:**

The IGETC requirements allow the use of advanced foreign languages that include literature or cultural aspects. Most community colleges do not allow first-semester or first-quarter language courses as part of this requirement. Many allow the second course in a language to count.
