Welcome to Muir

A WELCOME FROM THE PROVOST

The clearest way into the Universe is through a forest wilderness. – John Muir

Welcome to UCSD and to John Muir College! All of us at Muir are delighted that you've made the decision to join us and congratulate you on your acceptance. We welcome you as one of the newest members of our community and we hope that you'll take the opportunity to connect with both staff and students at Muir.

As a transfer student, you're not just coming to another school – you're launching a new phase of your college experience as you start to work more intensively in your major field and to prepare for your eventual career. You're ready to begin taking advantage of the opportunities that a major research university such as UCSD has to offer, whatever your interests might be. UCSD's world-class faculty is your most important resource. Get to know your professors and explore opportunities such as the Faculty Mentor Program that lets you work side by side with the faculty and gain first-hand experience in the career you hope to pursue. Muir's Academic Advising staff and the staff and faculty advisors in your major departments can show you how. Don't wait! The next two years will go by like a flash, so get started right away.

One more piece of advice – get involved. You'll hear this a lot at Muir. There are many good reasons. Getting connected with college organizations will help you get to know people, feel part of the community, and develop networks of friends and colleagues that can provide a support system even long after you graduate from UCSD. Involvement in college and campus organizations can also help you develop leadership and organizational skills that will be important in landing a job or persuading graduate/professional schools. So I urge you not to treat your classes as a "job" that you commute to and then head home. Muir College and UCSD have a lot to offer – don't miss out!

While many of you have gone to community colleges out of high school, others may have deferred college because of family, military, and other commitments. Our staff is committed to working with students from all backgrounds to ensure the best possible experience. John Muir College is committed to fostering a diverse community. Remember that the staff at Muir College, whether in Academic Advising, Student Affairs, Muir Writing, or Psychological Services, is here to help you get where you want to go (maybe even help you figure out where that is). We look forward to getting to know you. Good luck. Work well.

Sincerely,
John Moore, Provost

MUIR COLLEGE'S COMMITMENT TO EQUITY, DIVERSITY & INCLUSION (EDI)

We - the staff and students of John Muir College, at the University of California, San Diego - will actively participate in an inclusive community that supports individuals and their intersecting identities. This may include, but is not limited to, ethnicity, nationality, language proficiency, gender, sexual orientation, race, abilities, religion, age, socioeconomic status, citizen status, military affiliation, and political beliefs. We will intentionally foster the independent spirit through a space where students can continually engage with and learn about the differences in our shared humanity and actively contribute to the Muir community. John Muir College will address the critical issues of bias, power, privilege, and institutionalized oppression in all forms.

In serving these goals, we commit to the following efforts:

- We will devote time to train and educate students and staff by promoting discussion on topics related to equity, diversity, and inclusion, then developing programs and policies necessary to bring about change in the community.
- We will promote access and retention by providing a wide range of student leadership opportunities that promote connection to community and staff within Muir College.
- We acknowledge that college is a space for critical growth. We will commit to social justice by creating programs and practices that encourage and empower students to exchange meaningful dialogue regarding challenging EDI issues.
- We encourage students to challenge their presumptions and we aspire to create a culture of "calling-in" students for inappropriate behavior, so that they can continue to learn from their experiences and not be alienated by the community at large.
- We will strive to close the gap of knowledge that leads to discriminatory language and actions through programming, campaigns, formal/informal conversations, workshops, courses, lectures and/or conferences, and the use of inclusive language.

WHAT IS A PROVOST?

The academic and administrative head of the college, with responsibility for the Muir Academic Advising Office, the Muir Student Affairs Office, the Muir College Writing Program, the Residential Life staff, and other centralized services.

A tenured member of the UCSD faculty; the provost evaluates faculty for promotion based on their contribution to undergraduate education.

The provost also oversees Muir College curriculum and graduation requirements and develops academic enrichment projects for Muir's undergraduates.

Academic Advising

WELCOME FROM ACADEMIC ADVISING

UC San Diego boasts both top-notch academic programs and top-notch undergraduate students.

Because we are a large school with complex requirements and many resources for students, Muir College Academic Advising is here to help you navigate the complexity of the university experience.

WHAT IS ACADEMIC ADVISING?

Academic Advising provides you with the opportunity to get **accurate information on your degree requirements, educational options, resources, and choices to make informed decisions** on your future. While we provide you with guidance, it is your responsibility to take the lead by communicating with an advisor on a regular basis, researching your interests, taking responsibility to understand your degree requirements, and taking advantage of resources for your success.

YOUR MULTIPLE ADVISING OPTIONS

UC San Diego has a de-centralized model of academic advising. Rather than having a single office responsible for all advising, you will have multiple advisors with specialized roles.

- Your Muir College Advisor is usually your first stop. The Advisor will help you with general planning; identifying possible major, minor, and GE options; helping you understand your degree audit; and helping you navigate all of your options for advising and support services.
- Your Major Department Advisor will be just as important. They will help you with understanding when courses for your major are offered, the order in which you should take classes to graduate on time, and identifying courses to fulfill your interests or goals.
- You may also meet with advisors at the International Center to discuss your plans for study abroad; at the Career Service Center to help you prepare for the job market or graduate school.
- Finally, some students will identify a faculty advisor or mentor to help them plan for their future academic plans. Though some majors or programs may have a formal faculty advisor, faculty mentoring is usually informal, and you will need to take the initiative to meet faculty whom you admire and would like to be your mentor.

The key to making the most of your advising experience is making an effort to meet with advisors on a regular basis with clear questions and goals for each session.

MUIR COLLEGE LEARNING OUTCOMES

Muir College's General Education requirements provide students with an in-depth exposure to the principal branches of human knowledge with whose methods of inquiry educated scholars and citizens should be familiar. To this end, some students are required to take one three-course sequence from a specified list in the Social Sciences; one three-course sequence from a specified list in Mathematics (Calculus) or the Natural or Physical Sciences; and two three-course sequences from specified lists in two of the following: Humanities, Foreign Language, and Fine Arts. The three-course sequence ensures that students receive more than a superficial experience of each of these disciplinary areas. To train students to read and write critically, all students are further required to take university-level writing through the Muir College Writing Program.

USING YOUR TRANSFER HANDBOOK

Your Transfer Handbook is the first tool for understanding UCSD's academic requirements, regulations, and resources. It's filled with answers to common questions, but it won't take the place of meeting with an advisor on a regular basis.

COME VISIT OUR OFFICE

We look forward to working with you throughout your academic career!

ACADEMIC HONORS

CALEDONIAN SOCIETY

The Caledonian Society is the Muir College Honor Society. Muir’s founding provost, John Stewart, named the society for Caledonia, the name the ancient Romans gave to Scotland in honor of John Muir’s birthplace. Muir students with senior standing (135 units), 44 UC letter-graded units, and a minimum 3.8 cumulative GPA are eligible for membership. As part of the cumulative GPA, transfer courses completed during the student’s undergraduate career are included in the calculation as a reflection of the student’s undergraduate record.

STEWART SOCIETY

The Stewart Society honors graduating Muir seniors who transferred to UC San Diego from community colleges and from other four-year colleges and universities and who have excelled academically at UCSD. Each Spring, students who are eligible to graduate no later than the following Fall quarter and who have achieved a cumulative grade point average of 3.8 or above in their UCSD courses are invited to membership.

The Stewart Society, named for Muir’s founding provost John L. Stewart, was established in 2012. New members of the Stewart Society are inducted into membership at a luncheon held each year shortly before Muir’s June Commencement ceremony.

DEPARTMENTAL HONORS

Each department sets its own criteria for departmental honors, which may require additional course work, minimum GPA requirements, and research or thesis work. If you wish to graduate with departmental honors, you should speak with your major department.

LATIN HONORS

To be eligible for Latin Honors at graduation (Cum Laude, Magna Cum Laude, Summa Cum Laude), you must complete 72 letter graded units and be in the top 14% of the graduating class. The top 2% will receive Summa Cum Laude, the next 4% receive Magna Cum Laude, and the remaining 8% receive Cum Laude.

PHI BETA KAPPA

Phi Beta Kappa is the oldest, most prestigious honors society for undergraduates in America. Minimum criteria for UCSD, Sigma Chapter consideration include:

- Enrollment at UCSD for 60 quarter units, 50 of which must be letter-graded
- Successful completion of a minimum of 160 total quarter units, including transfer credit
- Cumulative GPA of 3.65 or higher
- Strong grounding in humanities (at least six courses in history, literature or philosophy)
- Completion of college-level courses in mathematics or quantitative science
- Proficiency in a second language

PROVOST HONORS

Provost Honors will be granted each quarter to any student with a GPA of 3.5 or higher in at least 12 letter-graded units with no D, F, or NP grades reported for that quarter.

2-PASS ENROLLMENT PROCESS AT UCSD

Beginning Winter quarter, New Transfer Students will follow the 2-Pass enrollment process.

First Pass (you will be issued a FIRST PASS enrollment time)

- Students may only enroll in 11.5 units within a 48-hour time frame
- Wait lists are not available during First Pass
- Students who do not enroll during First Pass must wait until Second Pass to enroll, including priority students.

Second Pass (you will be issued a SECOND PASS enrollment time)

- Students may enroll up to 19.5 units during their second pass, including wait-listed courses
- As of the first day of instruction, students may enroll up to 22 units

ACADEMIC EXPECTATIONS

Professors at UCSD assume that students will spend two hours outside of class for every hour in class—and perhaps more to achieve a strong grade in the course. This means that students taking the minimum 12 units of course work for full time standing would be spending 12 hours in class and 24 hours outside of class for a total of 36 hours per week. You will need to take this into account when planning your courses and when planning outside commitments to work, family, volunteering, etc.

All faculty and teaching assistants hold office hours, but there are few tutoring resources on campus. Students are expected to use

discussion sections and office hours to supplement their own personal study, and to actively seek out services and advocate for themselves.

Students are expected to complete a minimum of 36 units per year for full-time status, though completion of 45 units per year will generally be required for a timely graduation. Students are expected to maintain a GPA of 2.0 or higher in all their classes and in the upper-division courses for their major.

WORKING AND FULL-TIME STUDY

At UCSD, the average student works approximately 12–15 hours per week in an outside job. Students sometimes work more than that, but we recommend that students work no more than 20 hours per week, though students often find this level of employment challenging. If you work 30 hours per week or more, you may be eligible for part-time study if you file before the end of the second week of enrollment.

ACADEMIC SUCCESS PROGRAMS

Many community colleges have large, comprehensive learning centers with free tutoring in every subject. However, given the broader academic focus of the UC, the campus provides limited learning skills support. You will need to learn to use new resources to succeed.

The first and most important resource to remember is office hours. Professors and TAs in every class will have office hours to provide one-on-one assistance for students. While this will not be the same as having a tutor, it will provide support for you in any courses.

Other services are spread throughout the campus. If you need help, start by talking with Muir Academic Advisors. They can help you identify your needs and your options for support on campus.

SPECIAL ACADEMIC PROGRAMS

ACADEMIC INTERNSHIP PROGRAM

The Academic Internship Program is located on the second floor of the Literature Building, Room 210. The program is designed to enhance a student's education by providing relevant and challenging off-campus fieldwork experiences. You must have a GPA of 2.5 or higher, 90 units, and 2 upper division courses completed to apply. You can explore this opportunity at <http://aip.ucsd.edu>.

MOREHOUSE, SPELMAN, AND XAVIER EXCHANGE PROGRAM

Thurgood Marshall College sponsors this exchange program to all UCSD students for one full academic year or Fall quarter/semester or Winter and Spring quarters/Spring semester at either Morehouse or Spelman college, historically Black colleges located in Atlanta, Georgia, and soon at Xavier University, a historically black college in New Orleans, Louisiana. Students must have a 2.7 or higher grade-point average and have completed ninety quarter units. Information sessions are held during Winter quarter and the application deadline for the year and semester programs is mid-February. If you are interested, go to <http://marshall.ucsd.edu/programs/tmc-exchange-programs.html>.

STUDY ABROAD (EAP/OAP)

You may study abroad through the University of California's Education Abroad Program (EAP) and UCSD's Opportunities Abroad Program (OAP), earning academic credit toward your degree and gaining valuable international experience. EAP participants study at over 100 institutions in 35 countries, many for a full academic year, others for a shorter term. Most EAP programs require a 3.0 cumulative UCSD GPA and junior standing at the time of departure, but there are some exceptions. Language requirements vary by program.

OAP provides worldwide options sponsored by institutions other than UC. Eligibility requirements are set by the sponsor and vary widely.

EAP and OAP students may use their financial aid while abroad, and also may access more than \$250,000 in special study abroad scholarships and grants. For more details, go to <http://studyabroad.ucsd.edu>.

UCDC PROGRAM

The UCDC Program is an academic internship program providing UCSD students with the opportunity to intern for a quarter in Washington D.C. while enrolling in UC courses and living in Washington Center. Applications for UCDC are available at <http://aip.ucsd.edu/programs/ucdc/apply.html>.

SPECIAL STUDIES COURSES

These options include undergraduate teaching assistantships and opportunities to study topics not in the regular departmental curriculum. They include:

- 195 — undergraduate instructional assistantship (eight units can count toward graduation. 3.0 GPA required.)
- 196 — special honors courses; see your department.
- 197 — internships sponsored by some departments
- 198 — small group study courses with a particular professor
- 199 — individual study and/or research with a particular professor

Eligibility for special studies 197 – 199 requires ninety completed units, 2.5 UCSD GPA, and prior completion of any prerequisites stipulated by the instructor or the department. Please contact individual departments for information on 195s.

UCSD EXTENSION

UCSD Extension offers a wide variety of courses that may complement your regular academic coursework including Launch programs that allow students to earn a professional certificate and work with a career coach while working on their degree. Because Extension grades and, in most cases, units are not transferable to UCSD, students should consult with a Muir Academic Advisor before taking a course through Extension. For more information, please go to <http://extension.ucsd.edu/about/index.cfm?vAction=grads>.

ACADEMIC (DEGREE) REQUIREMENTS FOR GRADUATION

Every UCSD student must complete a set of requirements to graduate. These requirements are divided into three general categories: Major Requirements, College Requirements, and University Requirements. [Http://muir.ucsd.edu/academics/degree_reqs.html](http://muir.ucsd.edu/academics/degree_reqs.html).

MAJOR REQUIREMENTS

(Talk to your major advisor about these):

- Lower-Division Major Requirements

These are not cleared by completion of the requirements of the Intersegmental General Education Transfer Curriculum (IGETC), but may be cleared by appropriate transfer courses. You may need to talk to your major about petitioning to use your transfer courses for your major requirements.

- Upper-Division Major Requirements

These are not cleared by IGETC, but may be cleared by appropriate transfer courses. You may need to talk to your major about petitioning to use your transfer courses for your major requirements. Remember that any courses taken at a community college only grant lower-division units.

COLLEGE REQUIREMENTS

(Talk to your Muir College advisor about these):

- Muir College Writing Requirement

You must complete one or two courses, as noted on the next page.

- General Education Requirements

See chart on next page.

- Upper-Division Unit Requirement

All Muir students must complete 60 upper-division units, regardless of your major. This may require extra upper-division elective courses beyond your major.

UNIVERSITY REQUIREMENTS

(Talk to your Muir College advisor about these):

- Entry-Level Writing Requirement

This should have been completed as part of the terms of your transfer admission to the University.

- Diversity, Equity, and Inclusion

Students must complete one course exploring issues of diversity, equity, and inclusion. To clear this requirement, students must complete one course from the approved list of courses with a grade of C- or better, or with a grade of P. For a list of approved courses, see http://academicaffairs.ucsd.edu/_files/ug-ed/DEI_Approved_Courses.pdf.

- American History & Institutions (AHI)

Most students have cleared this with a year of high school U.S. History or Government with a grad of C or higher, or by completing a college course in U.S. History or Government. See this website for all options to clear AHI: <https://ucsd.edu/catalog/front/UgrdDegReq.html>

- Unit Requirements

You must complete a minimum of 180 total units to graduate.

You may complete a maximum of 200 units for a B.A. or B.S., 230 for a B.S. in engineering, or 240 for an approved double major.

Senior Residency Requirement

You must complete 35 of your last 45 units at UCSD as an enrolled Muir College student.

- Pass/No Pass Limit

You are allowed to take up to 25% of your UCSD units using the P/NP grading option. P/NP units count toward your total units completed, but not toward your grade point average. Note that Muir Writing courses and courses for your major must be taken for a letter grade.

- GPA Requirement

You must have a minimum cumulative UC GPA of 2.0 or higher to graduate. Most majors will also require a minimum GPA of 2.0 in your major courses.

- Latin Honors At Graduation

You must have at least 72 letter-graded UC units to qualify for honors at graduation.

- Minimum Progress

You must complete at least 36 quarter units per academic year with a 2.0 GPA or better.

- Applying to Graduate

You must apply to graduate online at <http://degree.ucsd.edu> — your graduation will not be processed automatically.

TERMS TO KNOW ... NOW

ACADEMIC PROBATION

Whenever you fall **below** a 2.0 GPA either during your most recent quarter or in all of your UC courses, you will be on Academic Probation. This is just a warning from the college that your GPA must improve or you may become **subject to disqualification**. If your GPA falls below a 1.5 you will automatically become Subject to Disqualification.

ACADEMIC SENATE

The Academic Senate is the general assembly of faculty who determine campus policy regarding courses. The colleges and departments must follow the rules set by the Academic Senate.

ACT

Administrative Computing & Telecommunications is the office in charge of your campus email account, use of the campus network, and most of your computing needs. For more information: <http://act.ucsd.edu>.

CEP

The Committee on Educational Policy (CEP) is a committee of the **Academic Senate**. The CEP reviews academic policy, including requests for exceptions. They have final say on all academic policy matters. Some petitions must go to CEP for final approval or disapproval.

COLLEGE

UCSD is divided into six undergraduate colleges. Each college has different general-education and graduation requirements, but all have the same options for majors and minors. Each college also has its own separate academic advising and student affairs offices.

COURSE REPETITION

You can repeat courses only if you earned a grade of D, F, or NP. If you took it for a letter grade the first time, you must take it for a letter grade when you repeat the course. The first 16 units of course repetition will use the new grade for your previous grade for GPA credit, though both grades still appear on your transcript. If you received a grade of C- or higher, you are not eligible for course repetition. If you take the course again, it will be considered Duplication of Credit.

DEAN

There are two deans at the college, the Dean of Academic Advising and the Dean of Student Affairs. The Dean of Academic Advising is the head of the Academic Advising unit and may need to approve certain types of petitions or exceptions to academic requirements. The Dean of Student Affairs oversees student life at the college.

DEGREE AUDIT (DARS)

The degree audit is a tool you can access on TritonLink. It will list all of your degree requirements, and note which ones you have satisfied, are currently in progress, and remain to be completed. Your academic advisor can help you learn how to read and use your degree audit.

DEPARTMENT

Departments are the bodies that offer courses in a specific subject. The department is in charge of major requirements, planning courses, and determining requirements in that subject.

DEPARTMENT CHAIR

The department chair is a faculty member who is the administrative head of a department. He/she or a representative has to approve most exceptions regarding courses in that department or exceptions to requirements for majors in that department.

DIVISION

Majors are divided into divisions or schools based on academic discipline, such as social sciences, engineering, or humanities.

DUPLICATION OF CREDIT

You may receive credit for a course only once. If you take a course that you have already taken with a passing grade – whether it is through AP credit, transfer equivalents, or by repeating a UC course with a grade of C- or better, you will receive no credit for that course, it will not be counted in your GPA calculation, and it will be noted on your transcript as repetition of previous credit.

ELECTIVE

An elective course is any course taken that does not fulfill a specific general-education, major or minor requirement, but contributes to the number of units you have completed and to your grade point average. There is no specific list of elective courses. Many students will need to take elective units to fulfill the University's unit requirements for graduation.

FINAL EXAMS

Most classes will require an examination in the 11th week of the quarter. This is often weighted more heavily than midterms. Final exams are often offered at different times and in different places than the rest of the course.

GENERAL-EDUCATION (GE)

General-Education (GE) courses are required at all six colleges. Each has a different set of general-education requirements. GE courses provide educational breadth in several subject areas with the intent of providing an educational experience that stresses critical thinking and communications skills across multiple disciplines.

GPA (GRADE POINT AVERAGE)

Grade Point Average is based on a four-point scale. UCSD counts only UC courses in GPA. There is no weighting of GPAs based on course content.

HONORS

There are multiple kinds of honors available at UCSD. Seniors at Muir with a GPA of 3.8 or higher are eligible for the college honors society, the Caledonian Society. Several national honors societies also exist. The most prominent of these is Phi Beta Kappa.

In addition, each major offers a different honors program in the major. This typically requires a high GPA and completion of specific courses, an honors thesis, or similar additional work.

Finally, students graduating in the top of their class may qualify for Latin honors (cum laude), high honors (magna cum laude) or highest honors (summa cum laude) based on their GPA and 72 letter-graded UC units.

INCOMPLETES

If you are passing a course and unable to complete the final assignment for good cause (such as illness, injury, or family emergency), you may request that a professor grant you an incomplete in the course. Professors are not obligated to grant an incomplete. If approved, you will be given a grade of “I” in the course. You must arrange a date to complete your final assignment, and your grade will be assigned once you have completed that assignment. After one quarter, your incomplete will become an “F” if you have not finished your final assignment by that time.

INDIVIDUAL MAJOR

See Muir College Academic Advising for details on the Muir Special Projects major.

LATIN HONORS (SEE HONORS SECTION)

LOWER-DIVISION

Lower-division courses are introductory courses, usually intended for first and second year students. These are numbered 1-99.

MIDTERMS

Any exam that occurs in weeks 1-10 of the quarter is considered a midterm exam. Most will occur in class, though there are some out-of-class midterms. Such exceptions are noted in the schedule of classes when you sign up for the course.

MINIMUM PROGRESS

Full-time UCSD students must complete a minimum of 36 units per year. This includes summer.

OFFICE HOURS

All Instructors and Teaching Assistants (TAs) hold office hours. Office hours are held in a variety of locations and offer you a chance to meet with a TA or instructor to ask questions, clarify assignments, review your progress, or ask about concepts or problems you need clarified.

PETITION

A petition is a form used to request an exception to policy or requirements. Petitions for general-education requirements go to the college. Petitions for major or minor requirements go to the major or minor department.

PHI BETA KAPPA

The oldest national honors society in the United States. Membership is by review of students’ academic records – you cannot nominate yourself. At UCSD, you must show courses across several disciplines, which will require taking courses in mathematics, foreign language, humanities and science.

PROFESSOR

Technically, “Professor” is a specific title for instructors who have reached one of the top levels in advancement in both research and teaching.

Generally, however, most people refer to all instructors at UCSD as professors. Almost all UCSD professors teaching undergraduate courses have a Ph.D. and engage in some kind of research. Many are very prominent in their field of expertise.

PROVOST

The Provost is the academic and administrative head of the college. The Provost will need to approve certain types of exceptions.

SUBJECT TO DISQUALIFICATION

A student with a GPA below 1.5 in a single quarter or who is on academic probation for two or more quarters in a row will be subject to disqualification. If you are subject to disqualification, you must maintain a GPA of 2.0 or higher in the next quarter or you may be disqualified from the University.

SYLLABUS

A syllabus is a document given to you by an instructor that explains course expectations, grading policies, and assignments for the quarter.

TEACHING ASSISTANT (TA)

Your TA is typically a graduate student in the same field as the course you are taking. Your TA will lead discussion sections, grade assignments, and assume some of the teaching role for the class.

TRITONLINK

TritonLink is the campus-wide portal for academic and administrative information. You should check TritonLink regularly for information and campus updates.

UC-TRANSFERABLE

A community college course may be UC-transferable. This means that the course has been approved to apply to your total units to graduate. The course is not necessarily approved to be equivalent to any specific UC course, and may need to be petitioned to use as anything but elective credit.

UNDERGRADUATE INSTRUCTIONAL ASSISTANT (UGIA)

UGIAs are undergraduate students, usually juniors or seniors, who act as teaching assistants for a course.

UNIT

Units are also known as credit-hours. This is a measure of how much time toward your degree for which you are given credit. Students are expected to complete a minimum of 36 units per year. However, in order to complete the minimum of 180 units required to graduate, a student must finish at least 45 units per year to graduate in four years.

UPPER-DIVISION

Upper-division courses are more advanced courses in an academic department. These are typically more narrowly focused and expect a higher level of work. Most upper-division courses are junior- and senior-level courses. Upper-division courses at UCSD are numbered 100 or higher.

“W”

A “W” is noted on your transcript for any course you drop after Friday of the fourth week of the quarter or for labs you drop after the second lab meeting. A “W” is not necessarily considered a grade and does not factor into your grade point average. A “W” is not a negative, but students who have a regular pattern of “W”s on their transcripts may be viewed with some hesitation by graduate or professional schools who may read motivations into frequent “W”s – including a tendency to drop courses in order to inflate your GPA.

You may receive only one “W” in a particular course. If you re-take a course with a “W”, you cannot drop that course after week 4.

WITHDRAWAL

Withdrawal for a quarter drops you from all of your classes – though if you do this after week 4, you will still get “W”s in all of your classes. After you enroll in classes and pay fees, you must complete the online Request for Withdrawal e-form in order to drop all your courses.

Student Life

WELCOME TO MUIR!

The Student Affairs staff at the college are responsible for the quality of your life outside the classroom. Our goal is to make being a Muir student so satisfying that you will persist at UCSD until you graduate. (And close to 90% of our students do!) We have a wonderful community at Muir College which is reflected in a genuinely caring staff, a high number of students who engage themselves in the life of the college, our traditional programs, and a strong sense of Muir pride.

The Muir Student Affairs Office includes the Dean of Student Affairs Office, the Muir Residential Life Office, and the Muir College Center (aka MOM and POP). The staff is active in organizing special college-wide events, including Orientation, Welcome Week, Triton Day, and Commencement. The Student Affairs staff are responsible for advising Muir's numerous student organizations, program boards, production and publication staffs, and for providing leadership recruitment and training.

The Assistant Dean of Student Affairs, the Coordinator of Student Activities, and the Residential Life staff are great resources for advice on how to become involved in campus life. Additionally, Student Affairs staff members provide advice or assistance with (almost) any non-academic question or problem. They are well acquainted with campus resources and provide appropriate referrals. Visit, call, or email any staff member if you want to share your concerns, need advice on resolving almost any perplexing matter, or feel you've been mistreated anywhere on campus. On a less cheerful note, some students may work with myself or our Associate Dean/Director of Residential Life to resolve allegations of violations of university regulations, academic or otherwise. See the Rights & Responsibilities section in this handbook for more details. At Muir, we care about your success and interpersonal development.

Welcome!

STUDENT AFFAIRS CORE VALUES

- We value a community where the principles of social justice and equity mindfulness are identified and explored in a safe and open environment.
- We value an independent spirit and strive to support and nurture this through our programming and leadership.
- We value a student centered learning environment in which co-curricular experiences serve to strengthen and broaden student learning inside and outside the classroom.

LOOKING TO GET INVOLVED IN THE COLLEGE COMMUNITY?

If you're looking to get involved in the college community, you've come to the right place! There are plenty of involvement opportunities at Muir. Check out pages 18-19. If you don't see a club or organization that meets your interests, you can start your own! Just see the Dean of Student Affairs for more information.

REASONS YOU MAY NEED TO SEE THE DEAN OF STUDENT AFFAIRS

NEED TO WITHDRAW FROM SCHOOL?

If your motivation starts to lag; or if there's a family problem to which you must attend; or if you need to "drop out" for a while to save money; or, if for any other reason you'd like to put your education on the back burner for a while, then it makes perfectly good sense to take a leave of absence for a quarter or two. If for some reason you will not complete an academic quarter once it has started, then you cannot simply drop all your classes. Instead, you will need to complete a withdrawal form online through the Registrar's Office. As long as you're leaving "in good standing" (GPA of 2.0 or better), your return to Muir will be a simple matter. If you return after a brief absence (one quarter) you don't even need to apply for readmission; the Registrar's office will keep you on the books, and you can simply register for the coming quarter at the normal time. If you're gone longer, you will need to go through the readmission application formality (contact the Registrar's office for the form) and pay the appropriate fee.

You may be asked to see the Dean or Assistant Dean of Student Affairs in person to withdraw. This exit interview is painless and quick. Feel free to set up an appointment even if you just want to discuss your circumstances and you're not sure if you need to withdraw. As with individual course "drops," withdrawal is permitted until 4:30 p.m. on Friday of the ninth week of the quarter.

If you withdraw between the fifth and ninth weeks, all your courses will be listed on your transcript with "W" grades. A partial refund of fees is possible if you withdraw during the first thirty-five days of the quarter (the earlier the withdrawal, the larger the refund). If you withdraw on or before the first day of classes you are eligible for a full refund of fees paid.

COUNSELING AND PSYCHOLOGICAL SERVICES (CAPS)

If you are feeling anxious, depressed, lonely, or just need someone to talk to, Counseling and Psychological Services (CAPS) provides personal counseling as well as special focus groups and workshops at each UCSD college. The Central Office, (858) 534-3755, will schedule an appointment for you with a psychologist or sign you up with a counseling group. For your convenience, several psychologists (including a post-doctoral fellow) have offices at Muir. All counseling is confidential. Students experiencing personal stress are encouraged to seek assistance from the CAPS. For more information, go to: <http://caps.ucsd.edu>.

Rights and Responsibilities

UC SAN DIEGO PRINCIPLES OF COMMUNITY

To foster the best possible working and learning environment, UCSD strives to maintain a climate of fairness, cooperation, and professionalism. These principles of community are vital to the success of the University and the well-being of its constituents. UCSD faculty, staff, and students are expected to practice these basic principles as individuals and in groups.

- We value each member of the UCSD community for his or her individual and unique talents, and applaud all efforts to enhance the quality of campus life. We recognize that each individual's effort is vital to achieving the goals of the University.
- We affirm each individual's right to dignity and strive to maintain a climate of justice marked by mutual respect for each other.
- We value the cultural diversity of UCSD because it enriches our lives and the University. We celebrate this diversity and support respect for all cultures, by both individuals and the University as a whole.
- We are a university that adapts responsibly to cultural differences among the faculty, staff, students, and community.
- We acknowledge that our society carries historical and divisive biases based on race, ethnicity, gender, age, disability, sexual orientation, religion, and political beliefs. Therefore, we seek to foster understanding and tolerance among individuals and groups, and we promote awareness through education and constructive strategies for resolving conflict.
- We reject acts of discrimination based on race, ethnicity, gender, age, disability, sexual orientation, religion, and political beliefs, and we will confront and appropriately respond to such acts.
- We affirm the right to freedom of expression at UCSD. We promote open expression of our individuality and our diversity within the bounds of courtesy, sensitivity, confidentiality, and respect.
- We are committed to the highest standards of civility and decency toward all. We are committed to promoting and supporting a community where all people can work and learn together in an atmosphere free of abusive or demeaning treatment.
- We are committed to the enforcement of policies that promote the fulfillment of these principles.

We represent diverse races, creeds, cultures, and social affiliations coming together for the good of the University and those communities we serve. By working together as members of the UCSD community, we can enhance the excellence of our institution.

POLICIES, COLLEGE AND UNIVERSITY

The University expects that ALL students will:

- Respect the rights, well-being and property of others,
- Respect the academic process, and
- Not interfere with University business, events, or activities.

It seems that there's a policy covering just about everything you can imagine; the University has a Policies and Procedures Manual that fills more than a yard of shelf space. Access to information and questions most frequently asked by students is available online through the official UCSD Student Conduct Code at http://students.ucsd.edu/student-life/_organizations/student-conduct/index.html

ACADEMIC INTEGRITY

The Academic Senate has publicized official regulations for UCSD regarding cheating, plagiarism, and similar slimy practices. As a member of an academic community, all faculty and students have the responsibility to uphold the academic standards of the University, and academic dishonesty is not tolerated.

You are encouraged to review this information carefully. There are many ways to cheat or plagiarize; all of them are unacceptable.

Presenting academic work to an instructor as your own, when it was really done by someone else (be it William Shakespeare or the kid in the next seat at your exam) is prohibited. Likewise, bringing a “cheat sheet” to an exam or peeking at lecture notes or a textbook during an exam is forbidden. Changing your answers on an assignment or exam after it was graded and returned to you, and then claiming that it was graded incorrectly, is another way to violate the Integrity of Scholarship regulations. Doing a computer assignment, lab assignment, or exam with someone else, when you're expected to fly solo, is also a violation. “Plagiarism” is a special form of cheating in which you copy words directly or rephrase ideas from someone else—or even from work you've done for another course—without giving proper recognition of your source.

Should questions arise about how to properly cite a source or for more information about academic integrity, please contact the Dean of Student Affairs, your professor, or stop by the Muir College Writing Program Office. What follows includes portions of the “UCSD Policy on the Integrity of Scholarship,” developed by the Academic Senate.

THE UCSD POLICY ON THE INTEGRITY OF SCHOLARSHIP

Integrity of scholarship is essential for an academic community. The University expects that both faculty and students will honor this principle and in so doing protect the validity of University intellectual work. For students, this means that all academic work will be done by the individual to whom it is assigned, without unauthorized aid of any kind. Instructors, for their part, will exercise care in planning and supervising academic work, so that honest effort will be upheld.

STUDENTS' RESPONSIBILITY

Students are expected to complete the course in compliance with the instructor's standards. No student shall engage in any activity that involves attempting to receive a grade by means other than honest effort. For example:

- No student shall knowingly procure, provide, or accept any unauthorized material that contains questions or answers to any examination or assignment to be given at a subsequent time.
- No student shall complete, in part or in total, any examination or assignment for another person.
- No student shall knowingly allow any examination or assignment to be completed, in part or in total, for himself or herself by another person.
- No student shall plagiarize or copy the work of another person and submit it as his or her own work.
- No student shall employ aids excluded by the instructor in undertaking coursework or in completing any exam or assignment.
- No student shall alter graded class assignments or examinations and then resubmit them for re-grading.
- No student shall submit substantially the same material in more than one course without prior authorization.

For the full text regarding this policy please visit: www.academicintegrity.ucsd.edu

WHAT ARE MY RIGHTS AND RESPONSIBILITIES?

The professor responsible for bringing forward the charge of academic dishonesty has the option of meeting individually with you prior to forwarding the case to the Academic Integrity Coordinator (AIC). The instructor must assign an "IP" for the course until the case is resolved. The Professor has the sole authority to dismiss or pursue charges of academic misconduct. Students are not allowed to drop from a course in which a charge of academic misconduct is pending.

You will be required to attend a meeting with the Dean of Student Affairs (Dean), during which s/he will review the procedures and invite you to ask any questions about the student conduct process. The Dean will explain the allegation(s) of academic misconduct against you and will invite you to participate in a discussion toward an informal resolution of the allegation(s). If you accept responsibility for the misconduct as alleged, the sanctions are twofold: First, an administrative sanction(s) will be proposed at the initial meeting with the Dean. This proposed sanction must be approved by the Council of Deans prior to the sanction being recorded. Second, the instructor will assign a grade for the course. If you disagree with the charge(s) or deny any involvement in the misconduct as alleged, you have the right to a formal hearing before the Academic Integrity Review Board. The following information is intended to explain the process and help you understand your rights.

WHAT ARE THE POTENTIAL OUTCOMES?

The severity of the sanction is dependent on the nature of the offense and your disciplinary history.

Possible administrative sanctions include:

- **Non-Academic Disciplinary Probation:** written notice that if you engage in violations of the Student Conduct Code (including UCSD's Policy on Integrity of Scholarship) again during a specified period of time, you will incur more serious discipline (such as suspension or dismissal from UCSD).
- **Suspension or Dismissal:** termination of student status for a specified or indefinite period of time. Conditions for your return may be imposed and may require approval of the Chancellor.
- **Educational Sanction with Fees:** may include the Academic Integrity Seminar, a class coordinated through Academic Integrity Office. The seminar cost is \$75.00.
- **Reflection Paper:** A paper reflecting on expectations of students in college pertaining to academic integrity and honesty, citing appropriate sources.
- **Exclusion From Areas of Campus/Official University or UCSD Functions:** can be imposed, for cause, on a suspended or dismissed student.

Possible academic penalties may include (please refer to course syllabus): Failing grade on the assignment, quiz, or exam in which the cheating took place or a failing grade in the course.

Special Note: The grade you earn resulting from academic dishonesty remains factored into your overall UCSD GPA regardless if you repeat the course.

HOW CAN I PERFORM MY ACADEMIC WORK WITH INTEGRITY?

- Communicate with your professor, ask questions and thoroughly read the course syllabus.
- Have the courage to adhere to values of honesty, responsibility, trust, respect, and fairness.
- Prioritize long term goals over short term goals. i.e. It is easier to recover from a bad grade honestly earned, than a bad grade assigned for an integrity violation.

NON-ACADEMIC MISCONDUCT

University regulations are summarized below. These regulations correspond to subsections of the Student Conduct Code beginning with 22.14.10.10 as numbered below.

In addition, if it appears that a student has also violated federal, state, or local law, then s/he may also be referred to the criminal justice system for prosecution.

The University prohibits (on university property, or in connection with any university activity anywhere):

- **Other Dishonest Behavior.** Examples include giving false information to a university police officer, or reporting a false emergency (e.g., false fire alarm).
- **Forging, altering, or misusing university documents, including records, keys, ID's, etc.** One example is using a parking permit that was purchased by another individual (NOTE: permits are never transferable).
- **Stealing, damaging, or destroying property; or possessing or selling stolen property**
- **Abusing computer facilities or time.** University computer use policies are posted on the Web at <http://acs.ucsd.edu/lib/aup.shtml>.
- **Misusing the name, insignia, or seal of the campus or the University**
- **Entering, possessing, or using University property, equipment, or resources without authorization**
- **Violating rules of University housing facilities**
- **Physical abuse, including conduct that threatens the health or safety of any person** Battery, including physical abuse, unwanted touching, or fighting
- **Sex Offenses, involving force/no consent, such as rape, sexual assault, or sexual battery**
- **Sex Offenses not involving force/with consent, such as statutory rape**
- **Sex Offenses such as indecent exposure, prostitution, or voyeurism**
- **Sexual Harassment.** Refer to the Student Conduct Code (on Infopath, or at the Office of the Dean of Student Affairs), for the exact definition.
- **"Stalking" another person**
- **Using "fighting words" to harass another person**
- **"Hazing", or other types of initiation activities that are likely to harm, degrade, or disgrace somebody**
- **Obstructing or disrupting teaching, research, administrative or disciplinary procedures, or other university business**
- **Disorderly conduct such as drunkenness**
- **Participating in a disturbance of the peace or an unlawful assembly**
- **Failing to identify yourself or comply with the directions of officials (university or otherwise) performing their duties; or resisting or obstructing officials as they try to perform their duties.**
- **Controlled substances: possessing, using, trying or actually manufacturing, dispensing, distributing, or selling them**
- **Alcohol: possessing, using, trying or actually manufacturing, dispensing, distributing, or selling alcoholic beverages unless in compliance with university policy or campus regulations**
- **Possessing or using fireworks**
- **Possessing, manufacturing, or using firearms or explosive devices without the prior written approval of the UCSD Chief of Police**
- **Possessing or using firearms or other weapons**
- **Violating conditions imposed in disciplinary action**
- **Violating conditions imposed in a written Notice of Emergency Suspension**
- **Selling or distributing course notes or related materials without authorization from the instructor**

ALCOHOL CONSUMPTION:

Being on a university campus—and living in campus residential facilities—in no way negates California State Law regarding alcohol. State law prohibits the use of alcoholic beverages by anyone under the age of twenty-one. Campus policy further prohibits anyone from possessing or consuming alcohol—including beer—in public areas of campus, except under very carefully defined circumstances.

On-campus residents should check the Muir Residential Life Handbook or consult with the Muir Residential Life Office for information about further restrictions, such as UC SAN DIEGO's infamous "zero tolerance" keg policy. The bottom line: if you are under twenty-one, Thou Shalt Not Drink at UC SAN DIEGO!

RESPONSIBLE ACTION PROTOCOL (RAP)

The purpose of Responsible Action Protocol, or R.A.P., is to encourage students to seek medical assistance in the event of over-consumption of alcohol or drugs. This protocol was developed to promote campus wellbeing and safety, with the intention creating an environment where students are not afraid to contact administration or authorities in order to get help in dangerous situations.

Under R.A.P., a student receiving medical assistance and other students who may be involved will not be subject to the formal student conduct process if they meet certain conditions. For more information see the Muir Student Affairs Office or the Office of Student Conduct.

DRUGS:

Aspirin can be purchased at the College Center or the UC San Diego Bookstore, and penicillin or other prescription drugs will be ordered for you by a Student Health Center physician and can be purchased at the Health Center Pharmacy. So-called "recreational drugs" are another matter altogether. The state of California (and the U.S. government) have classified certain drugs and substances as illegal, and those laws apply fully to UC San Diego students, including on-campus residents.

Flagrant use of drugs, for instance marijuana, is bound to come to the attention of residential security or a police officer. Occasionally students with a "green thumb" try to nurture a cannabis specimen in their window. If you're tempted to do so, just say no! Finally, being a student working your way through college is fine, unless you try doing it by being your friendly neighborhood dealer. Such entrepreneurship is, to put it mildly, frowned upon by the powers that be (to whose attention your behavior inevitably will come). See "Non-Academic Misconduct."

WHAT MIGHT HAPPEN IF I AM ACCUSED OF NON-ACADEMIC MISCONDUCT?

A written summary of the charges will be sent or handed to you. This summary will describe the nature, time, and place of the alleged incident. It will state the University regulation[s] allegedly broken, the name of the University official you should contact, a deadline by which to do so, etc. You should also receive a useful brochure titled "Essential Information."

At a preliminary meeting with the Dean of Student Affairs (or a member of the Student Affairs' staff), s/he will review the complaint and evidence, describe University regulations and disciplinary procedures, listen to whatever you volunteer to say, discuss your options, and refer you to individuals who are available to give you counsel and advice. An informal resolution of the complaint will be discussed at this time.

Informal resolution: Should you and the Dean of Student Affairs or staff member reach an informal agreement, then the penalties you accept will be imposed, and the process is concluded.

WHAT IF ATTEMPTS AT INFORMAL RESOLUTION ARE UNSUCCESSFUL?

- If an informal resolution is not reached, then the student exercises his/her right to a hearing before an appropriate hearing board or officer. Different "venues" and procedures may be involved, depending on the nature of the alleged misconduct. Muir College has a college-wide community standards board.

The Student Conduct Code and Muir's Essential Information brochure describe judicial board procedures, and outline the rights of a student accused of misconduct. Copies are available from the Dean of Student Affairs, Associate Dean/Director of Residential Life, or Student Legal Services.

- "What if I am found not responsible?" Then you should suffer no negative consequences.
- "What if I admit responsibility, or I am found responsible?" Appropriate disciplinary sanction(s) will be imposed. Possible penalties include: warning; censure; loss of privileges; exclusion from activities; exclusion from areas of campus; restitution; fines; community service; a lowered grade or failure of a course in which you cheated; probation (residence halls, and/or college); suspension; dismissal.

"May I appeal an unfavorable decision?" Yes. The Student Conduct Code specifies circumstances, procedures, and deadlines under which findings of responsibility, and/or specific sanctions imposed may be appealed to a higher authority.

STUDENT RECORDS AND CONFIDENTIALITY

You are the owner of any records the University may have on you, and therefore you control the access to these records. The most important such record is your academic transcript, which the Registrar keeps and updates regularly. Copies of your current transcript will be sent off-campus only at your written request. (To prove your sincerity, you pay a small fee for the service.)

Muir's Academic Advising Office has copies of petitions and other items that you have filed with the college, kept in your student file. Access to this file is strictly limited to those with legitimate educational interest (in practice, this means our Dean of Academic Advising, the Academic Advisors, and occasionally the Provost, Dean, or Assistant Dean of Student Affairs). Your file is open for your inspection, but if you ever bother to do so you'll find that it contains no surprises.

On-campus residents should consult with the Muir Residential Life Office for information about living on campus at Muir College.

Life on Campus

The Village is a community of apartments and retail spaces designed especially for transfer students. The neighborhood consists of Village West and Village East, a total of 13 buildings, two of which are high rises with incredible ocean views. All of the resident apartment homes feature modern amenities and a sleek design aesthetic. The best part? A prime location—right on campus!

If you are interested in more information about living on campus at The Village, please call (858)534-9380 or email thevillage@ucsd.edu.

Welcome to the Muir College Center

The heart of Muir, The Muir College Center is comprised of several student-staffed enterprises, lounges, outdoor seating, and meeting rooms. Physically and figuratively at the center of the Muir campus, the Middle of Muir student center is located on the ground level of Stewart Commons (named for Muir's founding Provost, John L. Stewart).

An integral part of the Muir community, the College Center is a college-directed, student-run, self-supporting auxiliary of UC San Diego. Staffed by welcoming and well-informed undergraduates, the College Center becomes a home away from home for students, faculty, staff and community members alike. More than just a series of buildings, it is a place where one can study, relax, meet with professors, make new friends, or investigate the many opportunities and activities available at Muir and UC San Diego.

Most students will visit the College Center sometime during their tenure at UCSD. We are constantly looking for new products and services to aid the community we serve. Several ideas are on the table so tell us what you think. MOM's phone number is (858) 534-4418.

THE MUIR COLLEGE CENTER CONSISTS OF:

Middle of Muir: Known by most as MOM, this lounge offers couches, tables and chairs, communal computers and printer, and the MOM&POP Shop. Equipped with a stage and sound system, the Middle of Muir plays host to open mic nights featuring student talent, cultural music and dance performances by renowned artists, and a variety of other student and community programs. The Middle of Muir provides Specialty Baskets, delivering seasonal care packages directly to residents of Muir College; available at <http://mom.ucsd.edu>.

Muir Woods Coffee House: Bringing the quintessential coffee shop experience to UCSD, Muir Woods is the energetic heart of campus. A focus on product and people drives Muir Woods to be a favorite; drawing customers from across campus willing to hike hills for the best coffee on campus. Muir Woods carries fair-trade, organic coffee from a San Diego roaster (Café Virtuoso), premium tea (Tea Gallerie), and fresh local pastries (Baked in the Sun, Mary's English Kitchen) all at prices everyone can love. The catalysts of this magic are the baristas (Muiristas) capable of carrying on scintillating conversations while they craft beverages and make sure you get to class on time.

MOM & POP Shop: The Middle of Muir Purveyor of Products is stocked with the essentials of college life and priced with students in mind. The student-staff of MOM are happy to help you find blue (exam) books and scantrons, drink and snacks, sandwiches and salads, and a selection of exclusive Muir merch (especially those signature green sweaters). The MOM counter also sells items for Muir student organizations, such as club apparel and excursion and performance tickets; you will often see "sign up @ MOM".

Glacier Point: This study lounge adjacent to MOM provides a quieter atmosphere conducive to group or individual studying with a large whiteboard and a variety of seating.

Sequoia Room: a conference room ideal for smaller meetings and workgroups equipped with audio/visual projection. (Located in Tamarack Apartments.)

El Portal: home to the MQ office, Muir Movie studio, and other multipurpose rooms. (Located in Stewart Commons.)

Student Activities Involvement & Leadership

At Muir, it has become obvious that the students who seem happiest, accumulate strong GPAs, and persist through graduation are those who have found at least one co-curricular activity with which to supplement their academic pursuits.

On the following pages we provide a list of involvement opportunities open to all Muir students. They are complemented by close to 400 campus-wide student organizations. If anyone tells you “there’s nothing to do at UCSD,” they just haven’t opened their eyes!

COORDINATOR OF STUDENT ACTIVITIES

The Muir Student Affairs Office has a special staff member who focuses on student groups, organizations, and special events. Visit Coordinator of Student Activities Haley Lomax, located at Middle of Muir, for advice, assistance, or just to get acquainted, or call (858) 534-4965.

In this handbook you will find a list of Muir College traditions for each quarter. Some annual highlights include the Pumpkin Drop and Carnival, Family Weekend, Spirit Night, the Semi-Formal, Whale Watching, Casino Night, John Muir Week, Triton Day, Muirstock, and Commencement. There are a number of campus-wide special events, including several activities during Welcome Week (a huge All-Campus Festival, the “Unolympics”) and throughout the year (Triton Fest, Sun God Festival, etc). Read flyers posted in college kiosks and in the residence halls and apartments, check at MOM, the Dean of Student Affairs Office, and Campus Recreation for coming attractions, and read your MuirWords, (a weekly e-mail to every Muiron delivered to your UCSD account) and the Guardian regularly.

Just how can Muir afford to be so active, you ask? Muir was the first UCSD college to authorize a self tax (College Activity Fee) to increase college programs, activities, organizations, and productions. The \$19 quarterly fee was approved in a referendum in Spring of 2017. Muir College Council distributes the money to college organizations and funds college events.

If you would like help deciding how you can get involved, talk with other student leaders, or stop by and chat with any member of the Student Affairs staff.

Students can sign-up and obtain a program meal card at the Student Affairs Office during the academic year.

PARKING TIPS

Sometimes something as little as finding a good parking spot can make your day flow better. Start your day the right way with these tips:

- Order Parking Permits now (or at least before the quarter starts) so you don't have to wait in a long line. Call (858) 534-4223 or go to <http://parking.ucsd.edu>
- Get here early (before 7:30 a.m.) if you want a spot near classes. Otherwise there are lots farther away from campus with shuttles that take you to the campus, including East Parking and Regents which both have shuttles to Price Center.
- Carpool! There is more space to park, and better quality spots.
- Motorcycles: Lower prices on permits and better spots.
- La Jolla Shores (two-hour parking): Ideal for those students who don't want to purchase a permit.
- Night permits are less expensive.
- Avoid lots near campus housing at night ... not much space (unfortunately, this includes the lot closest to Muir).
- Parking is available off campus (La Jolla Shores after 6:00 p.m.).
- With an "S" permit you can park in "B" and "A" spaces after 4:30 p.m. Monday through Friday.
- Don't park in reserved spots: you're begging for a ticket.
- Permits are not required on weekends.
- Visit Rideshare Operations for more information about UCSD Vanpools, UCSD Carpools, UCSD Transit/Coaster Club, UCSD Pedal Club, UCSD Shuttles and public transportation around San Diego. <http://parking.ucsd.edu>.

SPARE TIME?

Let's face it, it's almost impossible to have an ideal schedule, and chances are you will find yourself with time to spare between your classes. Below we have listed some fun, and many free, activities to help you pass the time.

- Middle of Muir. Watch TV, surf the web, or play pool for free.

- University Town Center (UTC) and La Jolla Village Square. These are great places to shop and relax.
