

# ENVIRONMENTAL STUDIES MINOR

## Fall 2016

---

### ENVR 30 – Intro to Natural Sciences

Instructor: Staff

Our main goal is to introduce the scientific principles behind most environmental issues so that we can make better decisions. This is the introductory course for the Environmental Studies minor and is designed so that you do not have to be a science major to understand what we teach. It is our job to reach a diverse audience. For science majors, the course provides the perspective of human impact that may be missing in pure science courses.

### Departmental Courses Applicable/Petitionable for the Environmental Studies Minor

\*\*\*Subject to change\*\*\*

Please check the UCSD General Catalog for prerequisite considerations, particularly for Group A courses.

#### **GROUP A**

BIEB 121 Ecology Laboratory  
#BIEB 126 Plant Ecology  
BILD 3 Organismic and Evolutionary Biology  
CHEM 172 Environmental Chemistry  
ESYS 101 Environmental Biology  
SIO 12 History of Earth and Evolution  
SIO 15 Natural Disasters  
SIO 30 The Oceans  
SIO 132 Introduction to Marine Biology  
#SIO 50. Intro Earth & Environmental Sci  
#SIO 189 Pollution, Environment, & Health

#### **GROUP B**

ECON 131 Economics of the Environment  
ETHN 103 Environmental Racism  
USP 124 Land Use Planning  
USP 144 Environmental and Preventive Health Issues  
#USP 170 Sustainable Planning

*# Course may be eligible for minor credit but must be petitioned.*
