

ENVIRONMENTAL STUDIES MINOR

Fall 2018

ENVR 30 – Intro to Natural Sciences

Our main goal is to introduce the scientific principles behind most environmental issues so that we can make better decisions. This is the introductory course for the Environmental Studies minor and is designed so that you do not have to be a science major to understand what we teach. It is our job to reach a diverse audience. For science majors, the course provides the perspective of human impact that may be missing in pure science courses.

Departmental Courses Applicable/Petitionable for the Environmental Studies Minor

****Subject to change****

Please check the UCSD General Catalog for prerequisite considerations, particularly for Group A courses.

GROUP A

BIEB 121 Ecology Laboratory
BILD 3 Organismic and Evolutionary Biology
CHEM 172 Environmental Chemistry II
ESYS 101 Environmental Biology
SIO 12 History of Earth and Evolution
SIO 15 Natural Disasters
SIO 30 The Oceans
#SIO 50 Intro Earth & Environmental Sci
SIO 132 Introduction to Marine Biology

GROUP B

ECON 131 Economics of the Environment
USP 124 Land Use Planning
USP 144 Environmental and Preventive Health Issues
#USP 170 Sustainable Planning
#VIS 110G Natural & Altered Environment

Course may be eligible for minor credit but must be petitioned.
