

Congratulations on Your Admission!

Welcome to John Muir College at UC San Diego! You have already achieved a lot to make it to this point and you are probably considering us among several equally prestigious schools.

Why Choose UC San Diego?

UC San Diego is a community of visionaries, innovators, and overachievers. In just a half century, the campus has established itself as one of the premier research universities in the world:

- We have **amazing faculty**, including Nobel Prize winners, McArthur “Genius” Award winners, and more than 80 members of the National Academy of Science, writing the books people will be reading tomorrow, and doing research that will shape the future.
- **You can work directly with them.** **Undergraduate research opportunities** like the Faculty Mentorship Program, the Ronald E. McNair Program, the Post-Baccalaureate Achievement Program, and departmental Honors Programs let students work directly with our faculty.

We have large university resources and a small college community. We have great labs, **libraries**, and **study facilities**, but Muir gives you a home base where you live, work, and play with bright, friendly, and innovated peers and a supportive team of college staff. We have students from all majors, but offer a distinct character, general education requirements, residential neighborhood, and student life experience.

What Makes Muir Special?

Muir is the first choice of more incoming students than any other college at UCSD. We offer:

- **Flexible General Education (GE) requirements** to support your success in *any* major and give you *room to explore* possible minor or double major options.
- **A strong sense of community.** Our **residence hall** houses and suites make it easy for you to find friends. And, with over **25 student organizations and committees**, you have plenty of chances to develop leadership skills *and* have a good time.

You can excel academically and have fun, too. Our students are involved, social, and still move on to some of the best graduate and professional schools in the country.

Visit Us on Triton Day -- Saturday, April 8th!

Sign up for **Triton Day**, Saturday, April 8th. At Triton Day, you can talk with UC San Diego and Muir staff about your questions about academics, living on campus, financial aid, and getting involved.

- **Attend information sessions** by the Provost, Dean of Academic Advising, Dean of Student Affairs, and current Muir Students.
- **Consult with Academic Advisors.**
- **View room layouts in the residence halls.**
- **Meet current students** at student organization tables and see performances by Muir students.

Can't come to Triton Day? Take a **Triton Tour** led by a current UC San Diego student.

Come See the Muir Musical!

We welcome you to attend the annual **Muir Musical Ensemble's** annual production, running April 8-9 and April 13-15. This year, our undergraduates will be taking the stage with the 2007 Tony Award Winner for Best Musical *Spring Awakening*.

Based on the 1906 play, *Spring Awakening* is a musical that integrates traditional 19th century Germany with contemporary rock music. The show centers on voiceless adolescents seeking understanding from an oppressive "system" of adults as they explore and are confronted with the reality of taboo subjects.

The show is raw, exciting, and seductive. UC San Diego students are anticipating this revolutionary show and Muir Musical's reimagined take of *Spring Awakening*. The production features mature content - viewer discretion is advised.

The Muir Musical is the only *completely student directed and produced* musical theater production on campus, involving 75 - 80 undergraduate students from all six colleges and a variety of majors. Tickets are available at the **UC San Diego Box Office**.

Freshmen Orientation!

All new students are required to attend **Freshmen Orientation** and learn more about all that Muir and UC San Diego have to offer -- from academic requirements and campus resources to student involvement. We also offer separate **Family Orientation** programs. Register online beginning mid-May. Look for a notification on the MyApplication check-list and through email when registration opens.

Common Questions

All new students are required to attend Freshmen Orientation and learn more about all that Muir and UC San Diego have to offer -- from academic requirements and campus resources to student involvement. We also offer separate Family Orientation programs. Register online beginning mid-May. Look for a notification on the MyApplication check-list and through email when registration opens.

Which Freshmen Orientation Program Do I Attend?

June programs are 1.5 days long and offer more opportunities to meet other students and interact with college staff before course enrollment. September programs are 1 day programs just before the start of the school year, ideal for students travelling from out of state, internationally, or who cannot attend in June. All students will receive advising and course recommendations online through the New Student website prior to enrolling in classes in August.

What If I'm Not Sure What I Want to Study?

Many incoming students start out as **undeclared**. Our General Education requirements make it easy to explore and find a major. It helps that UC San Diego has excellent programs from Arts and Humanities to Sciences and Engineering, so you have plenty of options for success.

How Much Does it Cost to Attend?

Fees for 2016-2017 were \$15,822.87 per year for residents and \$42,804.87 for non-residents. Fees for 2017-2018 are yet to be determined. An optional deferred payment plan, **TRIP**, spreads payments over the quarter.

What About Financial Aid?

The **Financial Aid Office** will prepare and send you a Preliminary Award Notification by late March if you have met all application deadlines. A more precise offer will be mailed starting in May, once your financial aid file is complete.

What About Housing?

All freshmen have the option to live on campus. Fall 2017 freshmen are guaranteed housing for 2 years (6 consecutive quarters excluding summers) if they meet all application and contract deadlines.

IMPORTANT 2017 DATES TO REMEMBER

April 8th

UC San Diego Triton Day

May 1st
