

ENVIRONMENTAL STUDIES MINOR

Fall 2019

ENVR 30 – Intro to Natural Sciences

Our main goal is to introduce the scientific principles behind most environmental issues so that we can make better decisions. This is the introductory course for the Environmental Studies minor and is designed so that you do not have to be a science major to understand what we teach. It is our job to reach a diverse audience. For science majors, the course provides the perspective of human impact that may be missing in pure science courses.

Departmental Courses Applicable/Petitionable for the Environmental Studies Minor

Subject to change

Please check the UCSD General Catalog for prerequisite considerations, particularly for Group A courses.

GROUP A

#BIEB 126 Plant Ecology
#BIEB 135 Aquatic Ecology Lab
#BIEB 174 Ecosystems & Global Change
BILD 3 Organismic and Evolutionary Biology
CHEM 171 Environmental Chemistry I
ESYS 101 Environmental Biology
SIO 12 History of Earth and Evolution
SIO 15 Natural Disasters
SIO 30 The Oceans
#SIO 40 Life & Climate on Earth
#SIO 50 Intro Earth & Environmental Sci
SIO 132 Introduction to Marine Biology
#SIO 189 Pollution, Env, & Health

GROUP B

COMM 171 Environmental Communication
ECON 131 Economics of the Environment
#ETHN 103 Environmental Racism
USP 124 Land Use Planning
USP 144 Environmental and Preventive Health Issues

Course may be eligible for minor credit but must be petitioned.
